## 2.1 RANCH SORTING RULES

**2.1.1** Ranch sorting is typically a 2 man team sorting 10 cattle numbered 0-9 and 1 unnumbered cow for a total of 11 head. A producer has the option to add 1 more unnumbered cow. A run starts with team members on opposite side of start line from cattle.

**2.1.2** The judge will raise the flag when the pen is ready. The announcer will call, "Flag is up," or "Cattle are ready." The judge will signal the beginning of the run by dropping the flag when the nose of the first horse crosses the start line and the first number to be sorted will be announced. The announcer will draw a number, which will determine the first cow to be sorted. The cattle will then be sorted increasing in sequence from that number. If two or more cows cross the line together as long as the nose of the correct number or numbers cross the line first the cattle are considered to be in order regardless of whether they finish crossing in that order. Cows are not counted as sorted until they are completely across the line. Also, if any part of a wrong numbered cow starts across the line it is a no time or if any part of a correct numbered cow starts across the line and then backs out it is also considered a no time

**2.1.3** The cattle must be sorted in number sequence. If any part of a cow crosses the start line out of sequence before the correct cow starts across the start line a disqualification will occur. A disqualification will also occur if any part of a sorted cow re-crosses the start line. Any cow not entirely across the start line will not be counted. The 10th cow must be completely across the line before the blank cow starts across or the team will receive a no time.

## 2.2 Ranch Hand Sorting Guidelines (This will be relevant to those competing in the #10 Beginner RH classes)

This class is designed to showcase two separate horse and rider abilities. The Gate Horse holds the herd and turns back wrong numbered cattle while the Sort Horse is continuously in the herd to separate and cut out the correct numbered cattle in sequential order. Contestants can ride together two times if they change the designated sorter.

**Sort Horse & Rider:** The sort horse and rider will be responsible for sorting all cattle in the correct order by working through the herd to both turn back and cut the cattle from the herd.

- This horse and rider is allowed to make both offensive and defensive moves while cutting the cattle.

### **Gate Horse & Rider:**

- Must compete in a defensive manner
- Must not make any aggressive moves on the object numbered calf while driving it toward the gate
- May make aggressive moves on any and all numbered cattle other than the object numbered calf
- Cannot turn toward the object numbered cow to drive it out or increase its speed toward the gate.

## 2.3.9 Western Heritage Sorting

This class is used to fine tune the cattle reading and handling skills of the contestant and also to attract a whole new population of contestants who may be intimidated by the speed of competition in many of our events. Those who excel in slow and quiet cattle management will now have a game to be very competitive in. In this class, all standard RSNCA will remain, with the addition of two new ones.

### **a) Limited to a trot or walk by the sorter:**

Loping after one stride by the sorter will result in a no time. The gate person can go at any speed to defend the gate as a defensive move however they cannot lope/canter toward or into the herd to sort cattle.

### **b) Verbal noise:**

by either contestant, intended to influence the cattle is prohibited. Shouting by either rider to intimidate the cattle will result in a no time however, non-verbal noises such as whistling, clucking, slapping chaps, etc are all common practices among cattlemen and are allowed. Artificial whistles are not allowed.
