### 2.3.9 Western Heritage Sorting

This class is used to fine tune the cattle reading and handling skills of the contestant and also to attract a whole new population of contestants who may be intimidated by the speed of competition in many of our events. Those who excel in slow and quiet cattle management will now have a game to be very competitive in. In this class, all standard RSNCA will remain, with the addition of two new ones.

- a) Limited to a trot or walk by the sorter: Loping after one stride by the sorter will result in a no time. The gate person can go at any speed to defend the gate as a defensive move however they cannot lope/canter toward or into the herd to sort cattle.
- b) Verbal noise, by either contestant, intended to influence the cattle is prohibited. Shouting by either rider to intimidate the cattle will result in a no time however, non-verbal noises such as whistling, clucking, slapping chaps, etc are all common practices among cattlemen and are allowed. Artificial whistles are not allowed.
